

# Compliance

The Consumer Protection Safety Improvement Act of 2008 created specific standards for items that are designed for, and intended for use by children 12 years of age and under. While Leed's products are not designed for this market segment, we do understand that some customers do want items that can be sold to a youth market. We offer a selection of products that have been evaluated, and tested by CPSC approved 3rd Party laboratories, and do meet the appropriate CPSIA requirements for children's items for Ages 8+ (see list below).

Web links to Certificates of Conformity will be located on the web page for those specific items.

SKU	Description	SKU	Description
